PRODUCT DESCRIPTION

LONG:

Wave:3 is a premium microphone and digital mixing solution that fuses plug and play convenience with broadcast-grade circuitry. Never clip again thanks to proprietary anti-distortion technology. Tap the capacitive sensor to silently mute your mic feed. Connect headphones for zero-latency monitoring. Twist the dial to tweak input gain, adjust monitor volume, or crossfade between your mic and PC. Plus combine all your audio sources and create two independent mixes — one for you, one for your audience — with the Wave Link app. Wave:3 doesn't just give your stream or podcast a professional sonic signature. It gives you control of your entire audio workflow.

MEDIUM:

Wave:3 is a premium microphone and digital mixing solution that fuses plug and play convenience with broadcast-grade circuitry. Never clip again thanks to proprietary anti-distortion technology. And combine all your audio sources, plus create two independent mixes — one for you, one for your audience — with the Wave Link app.

SHORT:

Wave:3 is a premium microphone and digital mixing solution that fuses plug and play convenience with broadcast-grade circuitry.

WAVE:3

PREMIUM MICROPHONE & DIGITAL MIXING SOLUTION

FEATURES

- Condenser capsule with a tight cardioid polar pattern captures speech with precision
- Use the Wave Link app to control Wave:3 and up to eight other audio sources, plus create two independent mixes
- Up to 24-bit / 96kHz analog to digital conversion delivers lush detail
- Proprietary Clipguard technology makes distortion virtually impossible
- Superior circuitry ensures seamless audio signal transmission
- Switchable low cut filter removes unwanted low-frequency noise
- 3.5 mm headphone jack for zero-latency monitoring
- Capacitive mute sensor silences your mic feed upon the lightest touch
- Multifunctional control dial to adjust input gain, monitor volume and mic / PC mix — with LED indicator strip
- Internal pop filter prevents plosive breath noise
- Adjustable desktop stand with boom arm adapter for ultimate flexibility
- Custom accessories include a shock mount, external pop filter, and desktop stand extension rods (sold separately)
